

**FROZEN
CONCENTRATE**

EXCEED® FROZEN CONCENTRATE FOR PEA, VETCH & LENTIL

This liquid inoculant is intended to be applied on-seed. It is a culture of highly effective strain of rhizobia (nitrogen-fixing bacteria) that will colonize the plant roots to gather and fix the “free” nitrogen of the air, making it available to the plants.

Product 3008

Treats 2,500# (1,134 kg) of Seed, 50 units or 12.5 ac (5 ha) in-furrow.
Net Contents: 0.85 fl oz (25 mL)

CONTAINS NONPLANT FOOD INGREDIENTS

Minimum Guaranteed Analysis

Inoculant:

Active Ingredient: <1% by Weight

Rhizobium leguminosarum biovar viceae: 2.5 x 10¹¹ CFU/mL

Inactive Ingredients: >99% by Weight

KEEP OUT OF REACH OF CHILDREN

This product does not meet the regulatory definition of a hazardous chemical under 29 CFR 1910.1200. However, good industrial hygiene practices should be used in the manufacture and handling of the product.

Precautionary Information:

While Exceed® Frozen Concentrate for Pea, Vetch & Lentil is non-toxic it is recommended that the applicator avoid inhalation. Visjon Biologics recommends the use of gloves and eye protection while using Exceed® Frozen Concentrate for Pea, Vetch & Lentil.

Directions for Use:

On Seed

- Remove container from freezer and allow to thaw naturally.
- DO NOT MICROWAVE.
- Product should thaw within 30 minutes.
- Mix 0.85 fl oz (25mL) of Exceed® Frozen Concentrate for Pea, Vetch & Lentil with 0.65 gallons (2.46 L) of clean, non-chlorinated water.
- Apply to seed at a rate of 1.67 oz (49.39 mL) per 50 lbs (22.68 kg) of seed.

In-Furrow

- Thaw Exceed® Frozen Concentrate for Pea, Vetch & Lentil in the same manner as stated above.
- Dilute with as much clean non-chlorinated water as possible, preferably 5-10 gal per ac (46.8-93.54 L per ha).
- One container of 0.85 fl oz (25mL) treats 12.5 ac (5 ha) on 30 inch (0.76 m) row spacing.

Storage of Exceed® Frozen Concentrate for Pea, Vetch & Lentil:

- Always read and follow instructions.
- Keep frozen until time of use.
- It is ideal to store in a deep freezer at a constant temperature of at least 0° F (-17.8° C).
- Open package only when ready to use.
- Use before expiration date.
- Do not store in an area which is to be fumigated.
- Small amounts of product which cannot be used according to instructions may be disposed of in a landfill.

Expiration Date:

Exceed® Frozen Concentrate for Pea, Vetch & Lentil carries a two-season shelf life and expires the date stamped on the bottle.
